T7208 Features

The T7208 is uniquely suited for lower internal and higher external calling volumes and it supports up to eight lines and frequently used features. This multi-line telephone offers eight memory buttons, a 16-character LCD Window and a headset jack. The T7208 is a cost-effective solution for users needing only a few programmable features and/or autodial numbers. It is well-suited for reception areas and for workstations with moderate call volumes and activity - as well as areas with shared telephones such as manufacturing plants, retail departments or repair centres.

Colors Available: Charcoal or Platinum
